UNCLE SAM AND GREATER AMERICA

BECOME THE KENTUCKY DISTILLERS AND

WAREHOUSE COMPANY WAS INCORPORATED IN

NEW JERSEY IS NOT CONCLUSIVE PROOF THAT

IT WILL ENGAGE IN THE MANUFACTURE OF "JERRY

LIGHTNING."

THANKS TO those of Anarchistic tendencies,

the taxpayers of Mason will have to pay

up over \$5,000 in tax for the toll

gate raised in this county. Whenever the

time comes that private property is not

entitled to the law's protection, there will

be an end to all government, and the red-

headed Anarchist will be master of the

situation.

THE Kentucky Distillers and Ware-

house Company with an authorized cap-

ital of \$20,000,000, has been incorporated

in New Jersey. The reason is that the

laws of that state are more liberal toward

capital than the laws of Kentucky. The

result is that New Jersey is moving

ahead while Kentucky is falling behind

in the march of progress.

LEWIS M. TREKLER, a farmer living

near Wichita, Kansas, dropped dead at

the office of a Farm Loan Company just

as he was about to place his signature to

a mortgage on his home. The doctor

should see as a dreadful warning to

other Kansas wheatmen. Let them

quit talking populist politics, go to

work, and there'll be no need for more

gag on their homesteads.

HERE is what the mud roads of Maye

ville have cost each year for thirteen

years past:

1904.....\$ 9,007.41

1905....." 8,284.19

1906....." 1,160.74

1907....." 1,160.74

1908....." 5,419.75

1909....." 6,258.12

1910....." 21,673.86

1911....." 9,042.66

1912....." 8,581.16

1913....." 4,752.94

1914....." 10,077.90

1915....." 3,561.45

Total.....\$101,451.15

An average of \$7,790.39 for each year.

taxpayers?

And what have you to show for your

outlay?

THE GRIPPER THAT DOES CURE.

Exactive Brown Quinine Tablets insure

the cause that produces La Grippe. The

patent has L. B. Q. in each Tablet. See

Postmaster John M. Johnson, Jr., of Millers

burg, died Tuesday night of La Grippe.

The Court of appeals affirmed the case of

Chambers, etc., vs. Higgins's Executor, taken

up from this county.

Tablet's Burgelee Plaster is no panacea,

but is recommended for Piles only. There

it will cure. From 30 cents in bottles; Tablets,

7 cents. J. W. Wood & Son.

James Williams, an expert of horsemen,

was sentenced by the Nicholas Circuit Court

to six months in the Penitentiary. This is

the third term.

The smallest times may exert the greatest

influence. DeVault's Little Early Risers are

unrequited for overcoming constipation and

liver troubles. Small pill, best, safe pill.

Henry W. Ray, adjoining Postoffice.

The Nelson County Grand Jury returned

an indictment, charging one of whom

were on the L. & N. Railroad for violation

of no longer and such bail law.

Mr. A. Fischer, Editor of the Mercury

at New York, with his wife and children, re-

turned to New York from Lexington, one minute

after the only remedy that helped them.

It helped quickly. Thousands of others

use this remedy as a specific for La Grippe,

and its exhausting after effects. Never fail.

Henry W. Ray, adjoining Postoffice.

Mr. James M. Walker, Jr., son of Mr. J. M.

Walker of near Widewater and on the river

at Zanesville, O., is Miss Walker of that

city.

THE COMMONWEALTH

GOVERNOR'S HOUSE BURNED.

Gov. Bradley's Library and a Few Persons

at Edgars Are All That Were Saved

—Bradley. Loss \$1,500.

Gov. Bradley's personal loss is at

least \$1,500, not to speak of the de-

struction of his collection of political

literature, which he had engaged in

collecting since he entered political

life 25 years ago, and other valuable

documents. The handsome furnishings

of the house for most part the prop-

erty of the state, and these, as well

as much of the governor's property,

were badly damaged. The lot upon

which the burned building stood was

donated to the state a hundred

years ago, so long as it was used for

a home for the governor, and the state

now seems confronted with either

building a new or repairing for the

ruined walls as the only alternative to

keep the property from reverting back

to the heirs of the original donor. Owing

to the historic character attaching to

it there is a widespread sentiment

in favor of repairing, and it is the

custodian of public buildings, Thomp-

son, is inclined to share.

Small Game Froze.

NEWPORT, Ky., Feb. 11.—Farmers

from Kenton and Boone counties, Ky.,

report that small game is lying from

cold and starvation. Dozens of rab-

bits and small game can be found in the

fields. The snow and ice which cov-

ered the ground prevented the game

from obtaining food. In some in-

stances quail have been found at the

doors of farm houses eating with

chickens.

Governor's Mansion Burned.

FRANKFORT, Ky., Feb. 11.—The gov-

ernor's mansion was totally destroyed

by fire at noon Friday. An early fire

was extinguished, but the fire broke

again at 11:30. The firemen were soon

disabled by the intense cold, to which

trouble was added from frozen pipes

and cutting off of the water supply. Most of

Gov. Bradley's valuable property was

saved.

Remains of a South French Family Preserved.

LEXINGTON, Ky., Feb. 11.—Mrs. Mary

Moore, aged 21, wife of Almon Moore,

while standing in front of her grate

Friday morning, Feb. 11, died of a

fire which she had been burning for

her clothing. She was the wife of a

publicly. She was married two months

ago. She was Miss Alway, of Nicholas-

ville.

New Farmer in Kentucky.

WASHINGTON, Feb. 11.—The follow-

ing fourth-class postmaster was com-

missioned in Kentucky Friday: Lin-

coln, Pulaski county, Frank Hahn;

Savage, Clinton county, W. G. Allen.

Postmaster E. J. of Lexington, Ky.,

has been allowed a sub-director.

First Day's Work Without Fail.

BRETON, Ky., Feb. 11.—For 45 days

Mrs. John Greenfield, aged 40, near

Hardin, lived without taking a bit of

food of any kind. She died Thurs-

day.

Cable Car on the Pacific Ocean.

WASHINGTON, Feb. 11.—The president

sent a message to congress Friday call-

ing attention to the urgent necessity

for the construction of a cable across

the Pacific ocean. He does not make

any specific recommendation as to the

route by which the cable should be

secured, the main point being that it

is imperatively necessary that a cable

should be laid.

Show Men Common.

BOSTON, Feb. 11.—It was announced

Friday that a consolidation of all the

publicly owned showmen's interests

centered in Boston had been consum-

mated in a corporation organized un-

der the laws of New Jersey, with a

capital of \$250,000. Since W. Win-

chester is president, it is probable that

George W. Brown, of Boston, treasurer

and general manager.

Show Men Free to their.

BOSTON, W. Va., Feb. 11.—Twenty-

four show men were Friday morning,

great suffering reported throughout

southern West Virginia. All the show-

men's routes are abandoned. Farms

are losing heavily from stock freezing

to death.

The Hooper Cab on a Tourist.

PARKIN, Feb. 11.—A large number of

leading deputies have addressed a let-

ter to the governor declaring their

intention to uphold the supreme prin-

ciples of justice as above all attacks.

The belief is that nothing can now

save the lumpy calf.

Woman Wolves Bold and Savage.

HAYWARD, Wis., Feb. 11.—News was

brought here from Glover and the Fish

Lake district by hunters that the cold

has driven deer into the doorways of

settlers and they refused to run away

when shots are fired at them. Wolves

are unusually bold and savage.

Private's Body Found.

WASHINGTON, Feb. 11.—Indirect but

apparently authentic information was

received Friday by the Massachusetts

members in congress that Representa-

tive Barrows, of Massachusetts, had

been offered the post of librarian of

congress, and had accepted.

THE BUYERS GUIDE

THIS BIG SOLID OAK CANE SEAT ROCKING CHAIR \$1.25 ONLY

SIX CHAIRS ONLY \$3.70 ONLY 39c

Look at these Chairs. Solid oak, cane seat, large brace arms. Look at handsome carved back and three stretchers in front. This chair is other places at \$5.

SOLID OAK PARLOR STAND 45c. JUST TO PLEASE THE BABIES.

The Pride of the World is The Vulcan!

We know that this is the best 14-SC HARBOR in the world! It cost us considerable money and three years time spent feeling with other Harbors to find out this. We give you the information gratis. This Harbor has thirteen dies—seven dies in one gang and six in the other. Throw the gangs in any position you please, on either side of the hill or any way, to a crosscut and this saw will be always in the middle performing its work—positively and absolutely cutting out all the center. This Harbor has no neck weight, runs light and, owing to the patent method of hanging the gang, literally tears the ground all to pieces. It is the strongest and best made Harbor on earth, weighing 625 pounds. We put out forty-four of them last Spring and they simply revolutionized the business. We can show you voluminous testimonials from the best saw-mills in this country! Don't make a mistake but buy an up-to-date Harbor.

We have just received a carload of them and can name the lowest price on record!

FARM WAGONS! We experimented with FARM WAGONS eight years before we found one to suit us. At last we found 'way down in Alabama a factory which would build a Wagon we wanted it. We have the spoke made of two-year old hickory—made of heavy vane black hickory—all woodwork dipped in hot linseed oil—wheeled tires put on perfectly cold—boxings put in huts without any wedges—ironed very heavy—built in proportion and perfectly balanced. This Wagon runs like a bug! This Wagon is called FLORENCE after the town in which it is made. We have patent brake on this Wagon, hung from rods on both sides, thus bringing direct pressure upon each wheel in locking. We buy these Wagons in five carload lots and quote the lowest price on earth. ONLY \$27.00 for Two-horse Running Gear. ONLY \$17.25 for Two-horse Wagon complete with Red, lay-back Spring Seat, anti-prodders, and Patent Brake—brake your Wagon from both right and left-hand side.

JOHN I. THE PRICE FIGHTER. TWO BIG STORES MAYSVILLE, KY. WINTER, BROOKSVILLE, KY.

FLOTSAM—JETSAM—LIGAM! NEW TOWN FROM NATURE'S GREAT HIGHWAY.

Beautiful Queen's Ware.

More serviceable than chinaware. The good housewife likes a few dishes of this and perhaps a bowl or two. We have plain and decorated goods. Prices very reasonable for the values shown. Our Crackery, China, etc., reasonable and well selected. New Dinner and Toilet Patterns at the factory.

Geo. F. Brown's CHINA PALACE, 40 West Second Street, Maysville, Ky.

ALWAYS Dainty. The work of bright, dainty, dainty girls, under the direction of skilled men, in surroundings of purest cleanliness. The result is the "Always Pure" always dainty. Money cannot buy any higher grade of china. The goods are made in the manufacture of Peckless' factory, an absolute guarantee that it is always pure and wholesome.

AGENTS are supplied with always fresh daily from the factory. Fresh and delicious. Superior to others, but 5c higher. Try it.

Agents for Allegheny & Harbor's delicious Chocolate Sauce. A full line always on hand.

THE DISSOLUTION SALE

STILL CONTINUES!

The question that has been asked us so often in the past few days is, "Are you really going out of business, or are you just doing like so many others—trying to reduce your stock at this the dull season of the year?" Those who have been in and learned the prices that we are making on our fine goods they have no doubts. You who have not been in, and who do not avail yourselves of the benefits of this, the greatest sacrifice sale ever made in this city, will be the losers. We state most positively that LEE & BALLENGER are going out of business, and are selling their entire stock of

MEN'S, BOYS' AND CHILDREN'S TAILOR-MADE CLOTHING!

And Men's Furnishings of every kind—Shirts, Underwear, Hats, Caps. Our line of fine Stiff Hats we believe to be one of the best stock in the state. All of these goods will be offered and sold at less than half their real value. This sale will continue until the whole stock is sold out and the business of the firm settled up. It will pay you to see these goods for present or future use. You will surely never again get them so cheap. If we were going to continue in business we would not think of selling these goods at the prices they are going for. We ask you to come in and see the difference between a genuine closing-out-to-quit-business sale and the fakes that are so frequently advertised. In twenty years in business in this city we have never advertised anything that we did not do. We stand upon our record. This sale is the real thing—closing out dissolution to retire from business at prices never before equaled and perhaps never will be again. You can't afford to miss it. Respectfully,

LEE & BALLENGER

SHORT SPECIALS.

The engagement is announced of Lispenard Stewart, of New York City, and Miss Remola Dahlgren, granddaughter of the late Adm. Dahlgren.

At Charleston, W. Va., the thermometer registered 27 degrees below zero at 10 o'clock Friday. The lowest point hitherto reached is 12 degrees below.

Senators Pettus and Butler occupied the time of the executive session of the Senate Friday by speeches opposing the extradition of Judge Ewart of North Carolina.

George Lee, who shot and killed Henry M. Stonestreet, at Lee's Summit, Mo., 30 years ago, and had been a fugitive from justice ever since, indicated at Meridian, Miss.

The peach and apricot crops of Vernon and Cedar counties, Mo., were reported killed Friday. The loss is estimated at more than \$100,000. The weather is the coldest known here in 30 years.

"Aunt Dicy" Dibbs, aged 80 years, was found frozen to death in her home at Shawnee, Kan., where she had lived alone for years. She had apparently hurt herself by a fall and was unable to call for help.

The budget committee of the re-organizing Friday, by a vote of 11 to 10, agreed to increase the strength of the German artillery by 49 howitzer batteries and also to increase the strength of the foot artillery.

Rob Fitzsimmons and Jim Jeffries signed articles Friday for a fight some time between April 24 and May 20 before the club offering the largest purse. The fight is to be 25 rounds, or to a finish if that can be arranged.

Major J. C. Cravens, aged 41 years, a curator of the University of Missouri and a prominent lawyer and citizen, died at his home in Springfield, Mo., after a brief illness. He served through the civil war in the confederate army.

Agonized still Friday positively that he had authentic information to the effect that Aguinaldo did not want a cessation of hostilities and had not agreed for it. When asked how he obtained this information he refused to say.

John Wirth, aged 57 years, a carpenter, was found Thursday night frozen to death in his sleigh in the suburbs of Buffalo, N. Y. The thermometer at the weather bureau registered 8 degrees below zero at 8 o'clock Friday morning.

The thermometer at the weather bureau, New Haven, Ct., recorded the lowest temperature at five degrees below zero. Far as is reported, Danbury is the coldest place in Connecticut, with a temperature of 10 degrees below zero.

News from official Japanese sources received by the steamer Empress of Japan is to the effect that the Formosa rebellion is practically ended. Seven rebel chieftains surrendered to the Japanese troops in January and two others were killed.

On the steamer from Yokohama to San Francisco Friday came "Gen." Riego de Dios and Senor M. Rivera, who are Aguinaldo's "special commissioners" to Washington. They were very much disturbed when told of the latest developments in the Philippines.

Nadine Candalaria, the only survivor of the Alamo massacre and one of the most historical persons in this country, died at San Antonio Friday afternoon from an attack of La Grippe. She was 115 years old, as authenticated by her baptismal certificate in the records of the Catholic parish church.

Business failures in the United States number only 103 this week, against 207 last week; 375 in this week a year ago; 201 in 1907; 281 in 1906 and 290 in 1905. Business failures in the Dominion of Canada number 38, as compared with 30 last week; 51 in this week a year ago; 44 in 1907; 51 in 1906 and 59 in 1905.

At the night session of the house 11 private pension bills were passed. Among them were the senate bill to pension Letitia Tyler Sumpter, the daughter of President Tyler, which deadlocked the house a week ago and the senate bill to pension ex-Senator John M. Palmer, of Illinois, at the rate of \$50 per month.

TAXES ARE REDUCED.

Benevolent Effect of American Control in Porto Rico.

Budget for 1908 Estimated at \$1,400,000. Customs Receipts \$2,000,000, leaving a net surplus of \$600,000.

The first great blessing that has come to Porto Rico since the American occupation has been the reduction of taxes and government expenses. The budget for 1908 has just been approved by Congress. This covers the expenses of the island which is called the "insular government." The following sums, which would have been included in the budget of the Spanish government for this year, have been stricken out:

General obligations.....\$3,500,000
War.....\$1,000,000
Maritime.....\$1,000,000

The total of the obligations that ceased to exist and which are deducted from the amount of the budget is \$2,500,000. The difference that had been expended without the realized customs income herewith detailed equals \$2,500,000. The calculated budget for 1908 is formed of the following items:

General obligations.....\$1,900,000
State obligations.....\$200,000
Interior department.....\$200,000
Finance department.....\$200,000
Interior department.....\$200,000

The customs for the coming year were estimated to be \$3,150,000. This is to be reduced by the amount usually raised by the duty on wheat flour, and which has been taken off by Gen. Henry, equal to \$300,000. This leaves a net revenue from the customs of \$2,850,000. There will remain therefore, an excess of \$1,700,000.

It should be understood that the above figures embrace only the necessary expenses for the payment of salaries and other fixed charges. If this amount cannot be paid from the proceeds of the customs then it must be raised by other methods of taxation.

Gen. Henry has asked of Washington the right to apply the customs receipts to the expenses of the government. If this should be permitted all government expenses could be met. At the present time there are many taxes collected which are a great hindrance to commerce, and if the customs receipts could be used these might be done away with.

Merchants doing business in Porto Rico pay almost a prohibitive tax. No one can engage in the banking or importing business without paying to the government a tax of about \$200 per annum. Then there are consumption taxes imposed upon every article imported for consumption.

These should all be done away with, as they hinder trade and prevent the trade from America entering here.

MISS GOULD AGAIN IN SOCIETY.

Heretics Will Give Two Receptions During the Present Season.

Miss Helen Gould has joined the ranks of society's entertainers and will give two large receptions at her residence, Fifth avenue and Forty-seventh street. The first will be a sort of coming out tea for her brother Frank, who recently attained his majority. He will receive with her.

The big brown stone mansion where she lives has not been the scene of any large entertainment since the time when its mistress used her bow to society as a weapon in her favor by her father. Miss Gould's glimpse of the world of fashion was brief, for her mother was taken ill soon afterward, and the young heiress was her devoted nurse. Mrs. Gould's death was followed by Mr. Gould's illness, and until he died Miss Gould lived almost entirely in his home, but she has since that time, for the fleeting revelry of the Castellane wedding, Miss Gould has devoted herself to her family and to doing good.

With the possible exception of Miss May Goelet, daughter of the late Ogden Gould, Miss Helen Gould is the richest young woman of New York—the heiress of something like \$15,000,000 in addition to her home in this city and her country residence at Irvington-on-Hudson. Her reputation in society is therefore an event.

NEW FRENCH NAVY.

Eighty-Two Million Dollars to Be Spent in Construction of Battleships During 1909.

In connection with the development of the French navy, naval officials at Washington are advised that the Paris government will expend \$100,000,000 francs (\$20,000,000) on new ship construction during the year.

Notwithstanding Russia's disarmament proposal, the year 1909 will see large additions to the material of her navy. The department is advised that she will have under construction during
